Narrative Report:
Include information such as current trends, program developments, special events, publicity or community education efforts, etc. Be sure to address any discrepancies between the level of services actually provided and performance goals. Attach additional pages as necessary.

2011 Second Quarter Narrative Report:
Navos employment service staffs work closely with clinicians to improve client referrals to Employment Services. Our program has received 141 referrals for service in the first six month of 2011; 6 of these referrals have been residents of the City of Renton. Job development activities in the City of Renton have resulted in one competitive job placement. The total for program placement in the second quarter is 3. Employment staff engaged with one City of Renton resident to complete an assessment, resume, DVR orientation, and a DVR intake is scheduled for July 13, 2011. The current resident that received employment services this quarter also received a Masters of Arts in Chinese language from the University of Washington on June 8th, 2011. He has currently declined to enroll in services at Navos, and will decide to

pursue further engagement for job placement services at the July 13th meeting. Staff have also provided education regarding Health Care for Workers with Disability's.
Navos has partnered with King 5 television on their anti stigma campaign, "From Stigma to Hope". A client who receives job retention services appeared with Navos CEO, David M. Johnson, Ed.D., on "New Day Northwest", with Margaret Larson.
