Plans Begin for a New Neighborhood Park in Northeast Renton

THE CITY'S PARKS PLANNING, AND NATURAL RESOURCES DIVISION is developing a master plan for a new neighborhood park in Renton's East Plateau area. Tucked near May Creek Park Greenway and Duvall Avenue NE and spanning approximately 18.5 acres, this new park will address a critical need in this part of the city. The Northeast Renton Park Master Plan will create a vision and define the roadmap for developing a new neighborhood park that best serves the community. This new park location offers a unique blend of landscapes—forests, wetlands and streams, steep slopes, and previously developed parcels—which provide diverse opportunities for active and passive recreational activities, such as:

- Play areas and sport courts

- Trails and trailheads
- Gathering spaces
- Access to nature

A new park in this location aligns with a general recommendation of the city's broader Parks, Recreation, and Natural Areas Plan, which includes an established goal of having a public park within a ten-minute walk (half-mile walking distance) of every Renton resident.

While the new park will target the needs of the East Plateau community, we know it will serve a much larger area. We invite all Renton residents to share ideas, learn more about the project, and get involved.

Stay connected through the project's webpage with upcoming engagement opportunities at rentonwa.gov/northeastrentonpark.

Get Involved in Renton's 20-Year Growth Plan

THE CITY IS UPDATING ITS **COMPREHENSIVE PLAN**, which will set the goals and policies for its growth and development over the next twenty years. The plan will guide decision-making on various important topics, including housing, land use, parks, economic development, transportation, utilities, etc. As a member of the Renton community, your input is critical in shaping the success of the plan and the city's future!

Make your voice heard and respond to the brief community survey (surveymonkey.com/r/Renton-Community-Survey) to help influence the city's priorities, values, and vision for the future!
