

CITY OF RENTON

**CITY OF RENTON**  
**Request for SOQs / Proposals for**  
**Booster Pump Station Upgrades Study**  
Submittal Date: June 9, 2016

The City of Renton's Public Works Department is soliciting Statements of Qualifications (SOQs) and requesting proposals from qualified consultants to prepare conceptual designs and planning level cost estimates for the upgrades – consisting primarily of the addition of emergency electrical power generators – to three drinking water distribution system booster pump stations.

If your firm wishes to submit a Statement of Qualifications/proposals, please refer to the complete text and requirements contained in the "Request for Proposals" document available on our website at: <http://rentonwa.gov/bids/> or by email at: [jwilson@rentonwa.gov](mailto:jwilson@rentonwa.gov) or by phone at 425-430-7295.

The City of Renton staff and representatives will evaluate the consultants' SOQs / proposals based on the project approach, each firm's engineering skills and resources, project team's engineering skills, history of performance, and knowledge. After the SOQs / proposals have been evaluated, the highest ranked firms may be interviewed. All firms submitting SOQs / proposals will be notified in writing as to their status in the selection process. Final selection may be made based upon the written SOQs / proposals, or by a subsequent oral interview process, at the discretion of the City.

Deadline

The deadline for submittals is **4:00 PM on Thursday, June 9, 2016**. If mailed, the submittal must be postmarked no later than Thursday, June 9, 2016.

Five (5) copies of the Statement of Qualifications/Proposals shall be mailed or delivered to Renton City Hall.

Please address all submittals to:

Booster Pump Station Upgrades Study  
City of Renton, J.D. Wilson  
5th Floor, Utility Systems Division  
1055 South Grady Way  
Renton, WA 98057
