Members of the Renton Planning Commission

FROM: Angie Mathias, Senior Planner

SUBJECT: **Comprehensive Plan Update – Final Mapping Amendments**

---

**ISSUE**

In reviewing the Comprehensive Plan Land Use Map and the zoning map, staff identified a number of areas where corrections are needed. Areas where the proposed resolution is to rezone the property or properties are identified in the staff report on proposed rezones. There are also many areas where the zone is not a zone that implements the current Comp Plan designation. Staff is proposing to amend the Land Use designation so that the existing zoning is preserved. Additionally, staff proposes to amend the boundary of the Benson Community Planning Area map to include an area that annexed and is functionally part of the Benson area.

**STAFF RECOMMENDATION**

Adopt the proposed changes as indicated on the attached maps.
