

Paving work on SR 169 in Renton

140th Ave SE to Blaine Dr Vic Paving & ADA Compliance
SR 169 milepost 22.86 to milepost 24.84

PROJECT DESCRIPTION

The Washington State Department of Transportation is repaving nearly 2 miles of State Route 169 from 140th Avenue Southeast to Blaine Drive to remove cracks, wheel ruts and potholes on the more than 20-year-old pavement. Contractor crews will grind, repair and repave both directions of SR 169 as well as improve 15 sidewalk ramps to create a smoother transition from the sidewalk to the street. Work will begin in July.

DAYTIME AND NIGHTTIME WORK

Crews will work both day and night during the project. Work to replace the sidewalk ramps will occur during the day while repairs and paving will occur at night. Nighttime work includes roadway repair, grinding the old pavement and repaving the nearly 2-mile section with asphalt. Nighttime work will **begin July 24, 2017 and continue through October 30, 2017.**

NIGHTTIME WORK AND ITS IMPACT

Residents living near and with direct line of sight to the work zone along SR 169 will hear noise from construction equipment and vehicles; saw cutting of the concrete, grinding, paving, generators and backup alarms. We apologize for any inconvenience and thank you for your patience.

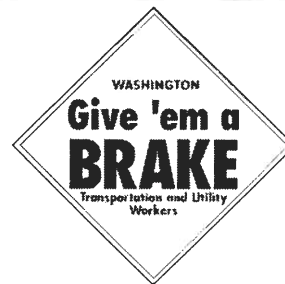

NOISE MITIGATION

Crews will take the following steps to limit noise:

- Use ambient back-up warning when possible.
- Use approved bed liners in trucks.
- Provide earplugs upon request.
- Avoid excessive tailgate banging.
- Park construction equipment away from residential streets.

STAY INFORMED
