**Fact sheet on impact of ACA on uninsured in King County:**

As a supplement to the fact sheet, we've also posted data on the PHSKC website with info on number of uninsured by King County cities with population of more than 20,000:

David Solet, Eva Wong and Katie Ross were instrumental in pulling these pieces together – thank you!

**United Way King County Public Policy update on Health Reform:** See the attached email of this month's edition of UWKC's Public Policy update which features four briefing papers authored by me on health reform issues—coverage expansion, insurance reform, delivery system redesign, and payment reform.

UWKC will be doing a series of public policy updates throughout the year on health reform and plans to feature prevention and wellness in their next one. A piece written by Kirsten Wysen will be included in that one. ...more info to come!

Thanks to Katie Ross and Janna Wilson for their help in drafting these pieces!
