My weekly newsletter covers all that is happening in Renton, including the most current COVID-19 updates and information from state and federal officials and agencies.

Google Translation is available on the website. For additional translation services contact communications@rentonwa.gov.

Sustainable Renton has gone from distributing 3,000 pounds of food weekly before COVID-19 to over 20,000 pounds today.

Renton allocates over \$900,000 in COVID-19 human services funding

THE IMPACT OF COVID-19 ON RENTON FAMILIES has been significant. Many of our residents have lost their jobs. Because of that, they lost their ability to pay their rent and utilities and buy food.

Using CARES funding, we have allocated over \$900,000 to assist with rent and utilities, plus support feeding programs. This will make a significant difference in our residents' lives as they navigate through the pandemic.

Funding includes \$393,300 in rental assistance and \$110,000 in food assistance in CARES Act funding to nine local agencies. Centro Rendu, Renton Salvation Army, and African Community Housing and Development will receive \$100,000 each, Mother Africa (\$60,000), and the Multi-Service Center (\$83,300). Funding for assistance with food was allocated to REACH Meal Coalition (\$10,000), REACH Center of Hope (\$60,000), Margie Williams Helping Hands Food Bank (\$10,000), and Sustainable Renton (\$30,000).

An additional \$401,178 in Community Development Block Grants Coronavirus funding has been allocated to three local agencies for help with food, utilities, and capital improvements: Renton Housing Authority (\$250,000), St. Vincent de Paul/St. Anthony's (\$50,000) and Renton Salvation Army Food Bank (\$101,178).

Renton human services providers have been stretched to the limit to provide help during COVID-19.

Centro Rendu usually serves over 200 families and individuals each week. Since the advent of COVID-19, they have seen that number quadruple. CARES funding will allow them to provide much-needed rental assistance.

For the past 12 years, the Multi-Service Center has provided rent and utilities assistance, plus a shelter program to more than 2,500 residents annually. They, too, have seen their numbers increase. Their funding will go towards rental assistance for about 25 Renton households.

[Sustainable Renton's free grocery store](#) has grown from distributing 3,000 pounds of food a week pre-COVID-19 to currently over 20,000 pounds. They currently serve upwards of 150 vehicles a week, several of which contain more than one family, from the parking lot at St. Matthews Church each Monday.

If you need help with rent or utilities, or would like to help our on-going community effort, our [COVID-19 resources page](#) has the information.

HealthPoint will open a new clinic Monday in the Sunset Neighborhood Center.

HealthPoint Clinic comes to Sunset Neighborhood

WE'RE EXCITED TO WELCOME a new HealthPoint healthcare clinic to the Sunset area on Monday.

We're also excited that [HealthPoint](#), a leader in providing affordable, quality healthcare for all ages, will run the clinic. My thanks to HealthPoint President & CEO Lisa Yohalem and her staff for helping make this clinic possible.

Sunset residents will have access to medical and behavioral health care, nutrition education, family planning services, treatment and management of chronic diseases such as diabetes and more. HealthPoint offers a sliding-scale fee to make care affordable regardless of income. Many staff are bi-lingual and can assist with signing up for insurance. If needed, interpreters are also available.

[The new clinic](#) is housed in the new Sunset Neighborhood Center, formerly the Renton Highlands Library, 2902 NE 12th Street Suite #102, Renton, WA, 98056. The center results from our partnership with HealthPoint, Renton Housing Authority, St. Vincent de Paul, Valley Cities, and Neighborhood House. It is also one of several projects currently under construction in the Sunset area.

Soon we'll open Phase 2 of Sunset Neighborhood Park, a 3.2-acre park situated near the new library and housing. Renton Housing Authority is refurbishing three senior housing properties and building Sunset Oaks, a new affordable housing project. Homestead Community Land Trust is building Willowcrest Townhomes, 12 affordable units set for completion next summer.

Partnerships like those mentioned and support from the state legislature have allowed us to continue transforming the Sunset area into a beautiful new livable neighborhood with investment opportunities.

Cherry trees outside City Hall will be adorned with purple lights in October to highlight Domestic Violence Awareness Month.

October is Domestic Violence Awareness Month

WE HAVE PROCLAIMED OCTOBER as [Domestic Violence Awareness Month](#) in Renton.

Domestic violence is a crime that knows no boundaries. It affects all ages, genders, nationalities and incomes. Its effects are immediate (physical injury, psychological trauma, and death) and long term (increased stress levels, depressions, and substance abuse).

In 2019, [King County's Sexual Assault Resource Center](#) (KCSARC) provided 4,905 individuals and families with direct services. A breakdown of those who asked for help includes:

- 81% female; 17% male; 1% transgender
- 54% adult; 45% children
- 43% white or Caucasian; 29% Latino; 10% Black, African-American, Other African; 9% Multi-Racial; 7% Asian, Pacific Islander; and 2% American Indian or Alaska Native
- 53% assaulted by a relative or partner; 35% by an acquaintance; 12% by a stranger

This year the Renton Police Department has seen increases in domestic violence calls and protection orders, primarily due to COVID-19.

It's more important than ever to check in with family members, neighbors, and friends during this unprecedented time. Each and every one of us must be part of the solution to end domestic violence.

In Renton, we are fortunate to have a [domestic violence victim advocate](#) as part of the police department. If you or someone you know are domestic violence victims, please call the advocate (425) 430-6654. If you are in imminent danger, please call 9-1-1. The advocate is available to provide assistance to victims of domestic violence who live within the Renton city limits.

Renton is also home to KCSARC. Call their 24-hour resource line, 888-99-VOICE (6423) if you need help. Their office number is 425-226-5062.

When you drive by City Hall this month, you'll see the cherry trees decorated with purple lights as a reminder of the existence of domestic violence. We can stop the cycle if we all work together. I ask you to please get involved and do your part.

Mayor Pavone interviews Gregg Zimmerman on the current edition of Our Renton

Our Renton TV Debuts

I HOPE YOU'LL WATCH OUR NEW TELEVISION SHOW, Our Renton TV, either on Channel 21 (Tuesday/Thursday at 12 p.m., Wednesday/Friday 9 p.m. and Saturday/Sunday 3 p.m.) or [on our website](#).

The current edition looks at the accomplishments during the 30-year career of retired Public Works Administrator Gregg Zimmerman.

Governor updates Safe Start reopening plan

GOV. INSLEE MADE [several updates to Washington's Safe Start reopening plan](#) this week. The governor emphasized he was not allowing counties to move up a phase. Still, he wanted to align guidance and adjust regulations of several industries based on current COVID-19 conditions.

The industries covered by the governor's order include libraries, youth/adult sports, movie theaters, restaurants, water recreation facilities,

outdoor recreation (running/bicycling/etc.), retail events (craft sales shows, etc.), real estate, and wedding receptions.

For example, in King County, currently in Phase 2, libraries and movie theatres are allowed to open at 25% capacity. Restaurants can now serve alcohol until 11 p.m., and the table size will increase to six people. The changes take effect immediately.

The governor Thursday announced an [extension of an existing moratorium](#) on evictions through Dec. 31. The moratorium was to expire on Oct. 15. He also announced that \$15 million in federal grant money would be available to help businesses struggling amid COVID-19. The governor indicated more information on both would be available next week.

Inspections - Building and Development Engineering

Community and Economic Development Department (CED) continues to update homeowners and contractors regarding how the city is implementing the construction-related provisions of Gov. Inslee's COVID-19 construction restart plan and related guidance issued by the governor's office.

Upon approval for King County jurisdictions to move to Phase 2 of the Governor's "Safe Start" plan, CED hopes to perform physical onsite and virtual inspections for all construction projects under the [Governor's Phase 2 construction COVID-19 job site requirements](#) effective as of May 15, 2020.

Whenever possible, virtual inspections will be accomplished. If you are interested in more information about virtual inspections, please contact the Building Division: 425-430-7200.

The phase 2 construction COVID-19 job site requirements permit all construction activity to proceed, whether previously authorized, newly authorized, existing, or not existing. In effect, new construction is no longer limited to construction that was previously authorized under Proclamation 20-25.

Under phase 2, all construction, including those activities for which social distancing may not be maintained, and the start of new construction projects, is authorized to resume. Adherence to the health and safety points in the phase 2 job site requirements will be strictly enforced. Under the phase 2 requirements, any paused and existing construction activity, may resume/continue immediately if:

- The employers and employees can meet and maintain all requirements listed in Phase 2 – construction COVID-19 Job Site Requirements document; and
- The employers and employees conduct only those activities that are allowed under their county's phase status.

The safety plan was developed as part of a working group that included contractors and workers. The plan includes requirements related to safety training, physical distancing, PPE, sanitation and cleanliness and monitoring employees for symptoms.

Before calling for an inspection, please be sure you have met the minimum requirements necessary for an onsite inspection:

1. COVID-19 Site Supervisor

A site-specific COVID-19 Supervisor shall be designated by the contractor at every job site to monitor the health of employees and enforce the COVID-19 job site safety plan. A designated COVID-19 Supervisor must be present at all times during construction activities.

Exception: single-family residential job sites with 6 or fewer people on the site.

2. Posting of COVID-19 exposure control, mitigation and recovery plan available on job site

Before commencing work, all contractors are required to develop for each job site a comprehensive COVID-19 exposure control, mitigation, and recovery plan. The plan must include policies regarding the following control measures: PPE utilization; on-site social distancing; hygiene; sanitation; symptom monitoring; incident reporting; site decontamination procedures; COVID-19 safety training; exposure-response procedures; and a post-exposure incident project-wide recovery plan. The plan must also include a Job Hazard Analysis (JHA), including a list of engineering controls and proper Personal Protective Equipment (PPE), for all job site activities defined by Washington State Department of Labor & Industries (L&I) as medium and high transmission risk.

No job site may operate until the contractor can meet and maintain all requirements of the Phase 2 Construction COVID-19 Job Site Requirements, including providing materials, schedules and equipment required to comply.

These COVID-19 job site safety practices are required as long as the "Stay Home, Stay Healthy" [Gubernatorial Proclamation 20-25](#) is in effect or if adopted as rules by a federal, state or local regulatory agency. All issues regarding worker safety and health are subject to enforcement action under L&I's Division of Occupational Safety and Health (DOSH).

- [May 4](#) - Reopening guidance for business and workers
- [Updated](#) - **Governor's clarifying memos by phase for businesses**

Phase 1

(May 6) Washington state is currently in Phase 1, with construction and other essential activities underway. The additions such as outdoor activities and additional sales and retail activities begin Tuesday, May 5. When the state moves to Phase 2, all components of Phase 1 will continue.

Includes

Phase 1 builds upon recent decisions made around re-opening some activities, including construction activity (allowed as of April 29) and outdoor activities such as fishing, hunting, playing golf and some park access, which Inslee announced last week.

Also adds (as of May 5):

- Drive-in spiritual services with one household per vehicle
- Auto/RV/Boat/ORV sales
- Retail open for curbside pick-up orders only
- Car washes
- Landscaping
- Some pet services (not including grooming)
- Essential travel and limited non-essential travel to engage in Phase 1 activities are permitted.

Phase 2

When COVID-19 disease burden is low and decreasing and the four capabilities (health care system readiness; testing capacity and availability; case and contact investigations; and ability to protect high-risk populations) are met, the governor will issue an order for the state to move into Phase 2.

As noted above, each phase will be at least three weeks, data and metrics will determine when the state can move from one phase to another.

Includes

All components of Phase 1 will carry into the start of Phase 2, which will include outdoor activities in small groups with people from outside one’s household, as well as limited non-essential travel within proximity of one’s home.

Additional modifications to restrictions in Phase 2 affecting business will include:

- Remaining manufacturing and construction phases
- Restaurants/taverns less than 50% capacity/table size no larger than 5 people and no bar area seating
 - [May 11](#) - Dine-In Restaurant and Tavern Industry
 - [May 11](#) - Restaurant/Tavern Reopening COVID-19 Requirements
- Hair and nail salons
- Retail (in-store purchases allowed with restrictions)
- Real estate
- Professional services/office-based businesses (telework remains strongly encouraged)
- In-home/domestic services (i.e., nannies, housecleaning)
- Pet grooming
- Essential travel and limited non-essential travel to engage in Phase 1 and Phase 2 activities is permitted.

Phase 3

If COVID-19 disease burden stays low and the four capabilities (health care system readiness; testing capacity and availability; case; and contact investigations and ability to protect high-risk populations) are met, the governor will issue an order for the state to move into Phase 3.

Includes

All components of phases 1 and 2 will carry into the start of Phase 3, which will include resuming non-essential travel and allowing gatherings of no more than 50 people.

Phase 3 also includes resuming some public activity, such as:

- Outdoor group recreational sports activities (50 or fewer people)
- Recreational facilities at less than 50% capacity (gyms, public pools, etc.)
- Professional sports (horse racing, baseball, etc.) without audience participation
- Restaurants and taverns at less than 75% capacity with table size no larger than 10
- Bar areas in restaurants and taverns at less than 25% capacity
- Indoor gyms at less than 50% capacity; theaters at less than 50% capacity
- Customer-facing government services (telework remains strongly encouraged where possible)
- Libraries
- Museums
- All other business activities not yet listed except for nightclubs and events with no more than 50 people.

Phase 4

If COVID-19 disease burden stays low and the four capabilities (healthcare system readiness; testing capacity and availability; case and contact investigations; and ability to protect high-risk populations) are met, the governor will issue an order for the state to move into Phase 4.

Includes

All components of phases 1, 2 and 3 will carry into the start of Phase 4 which would be a full return to public interactions (with appropriate physical distancing).

Phase 4 also includes resuming some public activity, such as:

- Nightclubs
- Concert venues
- Large sporting events
- Resume unrestricted staffing of worksites, but continue to practice physical distancing and good hygiene

COVID-19 Risk assessment dashboard

The state's COVID-19 dashboard provides a high-level overview of the main data points discussed among state leaders and the level of risk experts perceive around the current numbers. It is not intended to represent the totality of all COVID-19 related data. The state is currently developing several new systems for collecting, compiling and reporting much of the data outlined below and this dashboard will link to those new systems as they are completed. In the meantime, where possible, we've linked to the data that is currently available or created a snapshot that summarizes the most recent information available. The dashboard is updated weekly on Wednesdays.
