Boat Launch

Rules & Courtesy Guidelines

05/2022

Welcome to the City of Renton Boat Launch

Please help all boaters
enjoy the day by
reviewing and following
these rules and courtesy
guidelines.

Renton Boat Launch Rules

- 1. RAMP AREA** The ramp area is for launching and retrieving boats only. No docking except immediately after launching and immediately prior to retrieving your boat.
- 2. ORDER OF PICK UP** When retrieving or launching your boat, the order is formed by vehicles lined up with trailers, not by boats in the water.
- 3. TRAFFIC FLOW** Follow directions on posted signs and understand the established launching and retrieval traffic flow patterns before using the launch.
- 4. ATTENDANT** If there is an attendant on duty, follow their directions to ensure the safe and efficient use of the launch ramp.

Courtesy at the Boat Launch

- 1. PREPARING** Prepare your boat before approaching the ramp area. Load all gear while in the staging lanes. Do not block the ramp.
- 2. LAUNCH & RETRIEVE** If possible, use two people to launch and retrieve the boat: one to operate the tow vehicle and one to operate the boat.
- 3. PASSENGERS** Encourage passengers to wait ashore while launching. Do not congregate on the docks.
- 4. CLEAR THE AREA** After launching, move your boat and tow vehicle away from the launch area as soon as possible.
- 5. PARKING** Vehicles without trailers must not occupy parking spaces designated for trailers.
- 6. DEPARTING** After retrieving your boat, prepare it for the trip home in an area away from the ramp.
