RENTON

AHEAD OF THE CURVE

INTRODUCTION

The City of Renton's long-term debt consists of General Obligation Debt, Proprietary Debt, and Miscellaneous Debt. The City is in compliance with all Washington State debt limitation statutes and bond indenture agreements. The following table represents the latest bond ratings for each type of debt for which ratings are given:

Type of Bonds Issued (Latest Year)	Fitch	Standard & Poor's
Water & Sewer Revenue Bonds (2004)	AA-	AA-
General Obligation Bonds (2006)	AA-	AA-
Golf System Revenue Bonds (1999)	Non-rated Bonds	Non-rated Bonds

PROPRIETARY DEBT:

The largest category of the City of Renton's debt is that of Proprietary Debt which consists of Water/Sewer Revenue Bonds, Public Works Trust Fund (PWTF) Loans, Golf Bonds and Contracts and Leases. As of January 1, 2007, there was \$44.55 million in principal outstanding proprietary debt consisting of: Water/Sewer Revenue Debt \$30.75 million, PWTF Debt \$10.7 million Golf Bonds debt \$3.09 million and Contracts and Leases Debt \$24,500. This debt was incurred in separate issues between 1992 and 2006. This debt is pledged only against the operating revenues of the proprietary funds and not the general tax base of the City.

GENERAL OBLIGATION DEBT:

The second largest category of debt is that of General Obligation (GO) Debt. GO debt consists of two categories, *limited* debt (Council approved debt) and *unlimited* debt (Voter approved debt). As of January 1, 2007, there was \$45.53 million in principal outstanding general obligation debt. Total limited GO debt of \$44.09 million was incurred in separate issues between 1997 and 2006. Included, as general obligation debt is the City's one-fifth share of the Valley Communications Center Development Authority Bonds. Total unlimited GO debt is \$1.44 million consisting of one issue in 1998, Senior Housing Bonds. These bonds will be retired in 2009. The amount of general obligation debt for both voted and non-voted levies is substantially less than the amount of debt that a city may incur by statute (Revised Code of Washington (RCW) 39.36.020) as shown in the following table:

INTRODUCTION

Type of General Obligation Debt	Debt Capacity for City of Renton 2006 Assessed Valuation=\$7,334,476,542	Total Principal of Outstanding Debt As of January 1, 2007	Margin of Indebtedness Still Available
Total Allowable Indebtedness	(7.5% of Assessed Valuation) \$550,085,471	\$45,534,501	\$504,550,970
Limited (Non-Voted) (See Definitions Page 3)	(1.5% of Assessed Valuation) \$110,017,149	\$44,094,501	\$ 65,922,648
Unlimited (Voted) (See Definitions Page 3)	(7.5% of Assessed Valuation) \$550,085,471	\$ 1,440,000	\$548,645,471

State law provides that debt cannot be incurred in excess of 1.5 percent for non-voted (limited) debt and 7.5 percent with a vote of the people (unlimited) based on the assessed valuation. For 2007, this amount is \$110.0 million and \$550.1 million respectively. Current indebtedness for LTGO debt is \$45.5 million, leaving a margin of indebtedness remaining of \$504.6 million.

MISCELLANEOUS DEBT:

The final component of City debt is categorized as Miscellaneous debt. Included in this category are interfund loans which are loans between City funds and do not affect the overall debt of the City. As of January 1, 2007, the City had \$120,000 in principal outstanding for this type of debt.

DEBT SUMMARY

DEFINITIONS

General Obligation Debt is debt for which the City has pledged its full faith and credit, including its power to tax against retiring the debt. General Obligation Bond proceeds are used to finance capital improvements such as streets and municipal buildings. General obligation debt may be incurred in two ways: with or without a vote of the people. A City may incur far more debt when it is voted by the people than it may incur without voter approval. For General Obligation debt, voter approval means approval at an election in which 40% of the people who voted in the last general election voted and 60% of those voting voted in favor of the issue.

Limited General Obligation (LTGO) Bonds are retired with revenues from property, sales, or other general taxes. In 2000 Valley Communications Center Development Authority bonds were issued payable as to both principal and interest from equal payments from the cities of Auburn, Federal Way, Kent, **Renton** and Tukwila. Payments from the Cities to the Authority are payable with all monies legally available sufficient to pay the principal of and interest on the Bonds of this issue as the same become due. The full faith, credit and resources of each City are pledged for the annual levy and collection of such taxes and for the prompt payment of such principal and interest of the Authority, for benefit of bondholders. These bonds are issued pursuant to Washington State Law, RCW 35.21.730 through 35.21.757, and Resolution No. 1 of the Authority. Additionally, the Cities have each adopted ordinances for their respective one-fifth share of principal and interest.

Unlimited General Obligation (ULTGO) Bonds are authorized by a vote of the people. Bonds are then retired by means of an additional property tax levy referred to as an 'excess levy'. The City currently has one issue, 1998 Senior Housing Authority debt. As with LTGO debt, the full faith, credit and resources of the City are pledge for the annual levy and collection of such taxes.

Authority to issue General Obligation Debt can be found in the Revised Code of Washington (RCW) 35.37.040 and 35.37.050.

Revenue Bonds are a form of debt that is retired by means of revenue other than taxes. Revenue Bonds do not pledge the full faith and credit of the City and its taxing authority to the retirement of the bonds. Revenue Bonds are used generally to finance public facilities for proprietary functions of the City. The revenue from these functions is then used to repay the debt. Common examples of Revenue Bonds are bonds that are issued to pay for water and sewer system improvements and are retired by means of revenue from those utilities. Authority to issue Revenue Bonds can be found in the Revised Code of Washington (RCW) 35.41.030.

DEBT SUMMARY

Public Works Trust Fund Loans are state revolving loan funds that provide low-interest loans to help local governments maintain or improve essential public works systems. The Trust Fund administers three types of loan programs: a Construction Loan Program, a Capital Facilities Loan Program, and an Emergency Loan Program. The Trust Fund is financed with dedicated revenues from taxes on water, sewer and garbage utilities, and from a portion of the Real Estate Excise Tax. These taxes are collected and deposited in the Public Works Assistance Account, which is managed by the State Treasurer. Repayments of past Trust Fund loans are returned to the Public Works Assistance Account to fund upcoming generations of public works improvements. Counties and Cities must be imposing the optional .25 percent Real Estate Excise Tax dedicated to capital purposes in order to be eligible. Loans are offered only to repair, replace, rehabilitate, reconstruct, or improve existing eligible public works systems to meet current standards to serve existing service users. Authority to participate in Public Works Trust Fund Loans can be found in the Revised Code of Washington (RCW) 39.69.020.

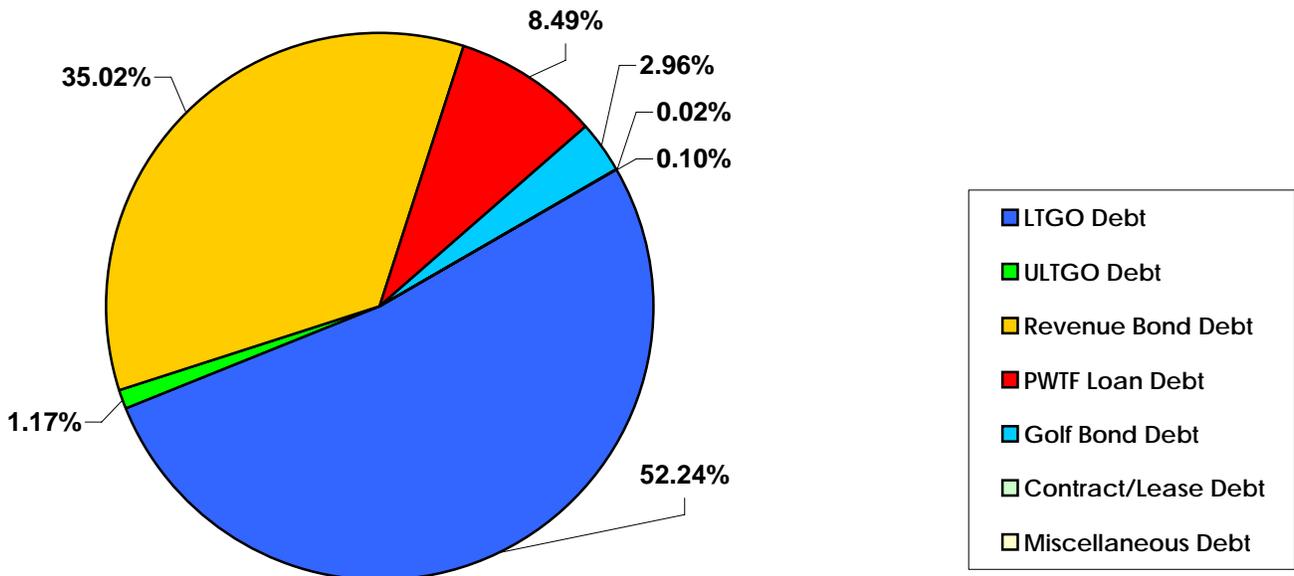

Contract/Lease Debt may be incurred by the City, like any other entity, for various purposes such as lease-purchase, temporary borrowing, and other contractual agreements. Authority to negotiate debt of this nature can be found in the Revised Code of Washington (RCW) 39.50.020.

Miscellaneous Debt for the City of Renton includes interfund loans. The City of Renton may make interfund loans of those municipal monies that are clearly inactive or in excess of current needs and legally available for investment. The legislative body of a municipality must, by ordinance or resolution, approve all interfund loans, and provide in the authorization a planned schedule of repayment of the loan principal as well as setting a reasonable rate of interest (based on the external rate available to the municipality) to be paid to the lending fund.

GENERAL OBLIGATION DEBT

CITY OF RENTON GENERAL OBLIGATION DEBT

The City has \$45,584,315 in principal general obligation debt outstanding as of January 1, 2007. \$42,339,501 of this is Limited Tax (Non-Voted) General Obligation Bonds, \$49,814 Certificates of Participation, \$1,755,000 in Valley Communications Debt, and \$1,440,000 Unlimited Tax (Voted) General Obligation Bonds. The general obligation debt of the City has been incurred through nine (8) different issues. These obligations are summarized within the tables and graphs of this document and are defined below:

Limited (Non-Voted) Tax General Obligation Debt

1997 Limited Tax General Obligation Bonds Series B (Ordinance #4662) were issued in the amount of \$14,697,743.60 and dated May 1, 1997. The bonds consisted of \$12,660,000 serial bonds, with an average interest rate of 5.79%, and \$3,830,000 capital appreciation bonds (\$2,037,743.60 Principal and \$1,792,256.40 Interest), with an average interest rate of 7.79%. The capital appreciation bonds are due in years 2006, 2007, 2008 and 2009 where interest, at rates of 5.55%, 5.6%, 5.65% and 5.75%, will accrue from date of issuance and be paid at maturity. The proceeds from the bonds were used to acquire the Main and Grady Building. The \$12,660,000 serial bonds were refunded November 1, 2001. See ***2001 Limited Tax General Obligation Refunding Bonds***. The \$3,830,000 capital appreciation bonds remain unrefunded. The debt service for these bonds are accounted for in the 1997 Limited Tax General Obligation Bonds-City Hall Fund (201).

1998 Certificates of Participation (Resolution #3346) were issued through a State administered Lease Purchase agreement in September 1998 for the purchase of Energy Conservation/Lighting Retrofit Project for the new city hall. The lease agreement terms are \$278,171.50 for ten (10) years at 4.51% interest. The debt service for these certificates is accounted for in the General Governmental Miscellaneous Debt Service Fund (215).

GENERAL OBLIGATION DEBT

Valley Communications Center Development Authority Bonds (Ordinance #4836) were issued and dated September 15, 2000 in the amount of \$12,758,000 (City of Renton portion \$2,551,600) with an average interest rate of 4.74%. The bonds were issued for the purpose of providing funds to acquire, construct and equip a new facility, including land acquisition, for the operation of the Valley Communications Center. Valley Communications Center provides emergency communication services, an essential government service, to the Cities of Auburn, Federal Way, Kent, Renton, Tukwila, and other governmental agencies in South King County. The City of Renton, in accordance with Ordinance No. 4836, is responsible for the payment of their one-fifth share of principal and interest. Interest rate coupons on outstanding bonds range from 4.3% through 5.375%. The last bonds will mature December 1, 2015. The debt service for these bonds is accounted for in the General Government Miscellaneous Debt Service Fund (215).

A review of Valley Communication Center records was performed in 2003 and additional reserves were identified over and above those required. As a result, the City will not be required to pay their debt service payment due for 2004. Additional analysis will be performed for 2005 and 2006.

2001 Limited Tax General Obligation Refunding Bonds Series A (Ordinance #4922) were issued in the amount of \$13,505,000 and dated November 1, 2001 with an average interest rate of 5.02% for purposes of advance refunding the serial bond portion of the 1997 Limited Tax General Obligation Bonds with an average interest rate of 5.79%. This resulted in a positive cash flow difference of \$393,062. Proceeds of the 1997 Limited Tax General Obligation Bonds were used to acquire the Main and Grady building. WATERWORKS REVENUE BOND DEBT

CITY OF RENTON WATERWORKS REVENUE BOND DEBT

As of January 1, 2007, the City has \$30,750,000 in waterworks principal revenue bond debt outstanding. This revenue bond debt of the City has been incurred through four (4) different bond issues. The debt service for all Water/Sewer Revenue Bonds is accounted for in the Waterworks Revenue Bonds Fund (451), and the Bond Reserve is held in the Bond Reserve Fund (461). The reserve requirement is the highest annual debt service of all revenue bonds combined. The reserve currently being held on these (4) bonds is \$3,178,626. These obligations are summarized within the tables and graphs of this document and are defined below:

1998 Water/Sewer Refunding Revenue Bonds (Ordinance #4709) were issued in the amount of \$6,120,000 and dated March 1, 1998. The average interest rate is 4.456%. These bonds were issued to refund a portion of the 1977, 1992, and 1994 Water/Sewer Revenue Bonds. The reserve requirement is the highest annual debt service on all revenue bonds combined.

2002 Water/Sewer Revenue Bonds (Ordinance #4976) were issued in the amount of \$11,980,000 and dated July 1, 2002. The average interest rate is 4.80%. The reserve requirement is the highest annual debt service of all revenue bonds combined.

2003 Water/Sewer Refunding Revenue Bonds (Ordinance #5019) were issued in the amount of \$8,035,000 and dated September 15, 2003. The average interest rate is 3.200%. These bonds were issued to defease all of the outstanding 1993 Water and Sewer Refunding Revenue Bond, and to advance refund all outstanding 1994 Water and Sewer Revenue Bonds. The reserve requirement is an amount equal to the highest annual debt service on all revenue bonds combined.

2004 Water/Sewer Revenue Bonds (Ordinance #5098) were issued in the amount of \$10,335,000 and dated November 1, 2004. The average interest rate is 4.330%. These bonds were issued for the purpose of providing a part of the funds necessary to carry out the system or plan for additions to and betterments and extensions of the waterworks utility. The reserve requirement is an amount equal to the highest annual debt service on all revenue bonds combined.
